This sad little lizard told me that he was a brontosaurus on his mother's side. I did not laugh; people who boast of ancestry often have little else to sustain them. Humoring them costs nothing and adds to happiness in a world in which happiness is always in short supply.

Occident: The part of the world lying west (or east) of the Orient.
It is largely inhabited by Christians, a powerful sub-tribe of the
Hypocrites, whose principal industries are murder and cheating, which
they are pleased to call "war" and "commerce." These, also, are the
principal industries of the Orient.
